Objective

A motivated and talented third-year B.Tech student with a strong academic background and a passion for data-driven problem-solving. I possess the ability to think analytically, interpret complex data, and communicate insights effectively. I am currently seeking an internship opportunity as a Data Analyst where I can contribute to impactful projects and grow alongside a team of skilled professionals.

Education

Noida Institute Of Engineering And Technology *Expected - July 2026*
B.TECH in Computer Science Engineering(Data Science) (CGPA: 8.0/10.0) *Greater Noida, U.P., India*

- **Relevent Coursework:** Data Structures and Algorithms, Object-Oriented Programming, Database Management System, Cloud Computing and Operating System

Experience

IIC and AICTE IDEA Lab - NIET *July 2023*
Summer Intern

- Designed and implemented a Color Segregation Machine using sensors and automation to identify and sort objects based on color, enhancing efficiency in material handling processes
- Tools- Arduino Uno , C , Sensor
- Explored fundamentals of Augmented and Virtual Reality, including applications, tools, and development techniques

Certifications

- **Certificate of Basic Data Descriptors, Statistical Distributions, and Application to Business Decisions**
- **Certificate of Python Project for Data Science**
- **Certificate of Python for Data Science, AI and Development**

Projects

Doctor With Your Convenience

- A mobile app enabling users to consult doctors online, book appointments, access prescriptions, and receive healthcare support remotely through chat or video calls.
- Tools Used: JAVA, HTML, CSS, JS

Skills

Programming Languages: Java and Python

Web Technologies: HTML, CSS, Node.js, React.js, Express.js, .NET Core

Others: SQL, MongoDB, Git/Github, Linux, VS Code, Power BI, Tableau

Soft Skills: Teamwork, Problem-Solving, Adaptability, Communication, Project Management

Coding Profiles

GeeksForGeeks — LeetCode — Hackerrank
